Proven significant CDR reductions

Our success includes achieving significant CDR reductions in a short period of time, across various school types and their student populations.

Actual School Customer	Initial CDR	CDR 1 Year Later	% Improved
Private 4-YR College	4.8%	1.1%	77% Better
Public 4-YR University	1.3%	0.8%	38% Better
Public 2-YR College	20.3%	12.6%	38% Better
For-Profit College	25.1%	15.7%	38% Better

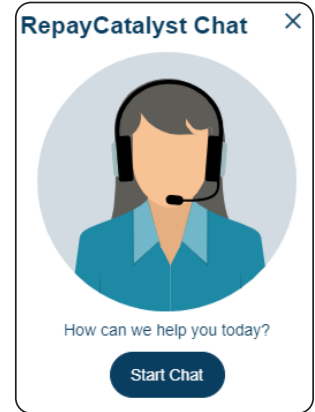

High touch personalized service

Expert outreach and counseling to meet the needs of each school and individual student. We treat your students like they're our students. Outreach options include grace, deferment and forbearance-end, delinquency, and default rehabilitation.

Currently enrolled and former students who aren't in a status requiring outreach may have student loan questions and need support. Our **Student Loan Success Center™** is a call-as-needed resource. When questions or concerns arise, borrowers can contact our Success Coaches using a toll-free number or by email. This comprehensive support can be included with Cohort Catalyst or purchased separately.

Student-facing website with chat support

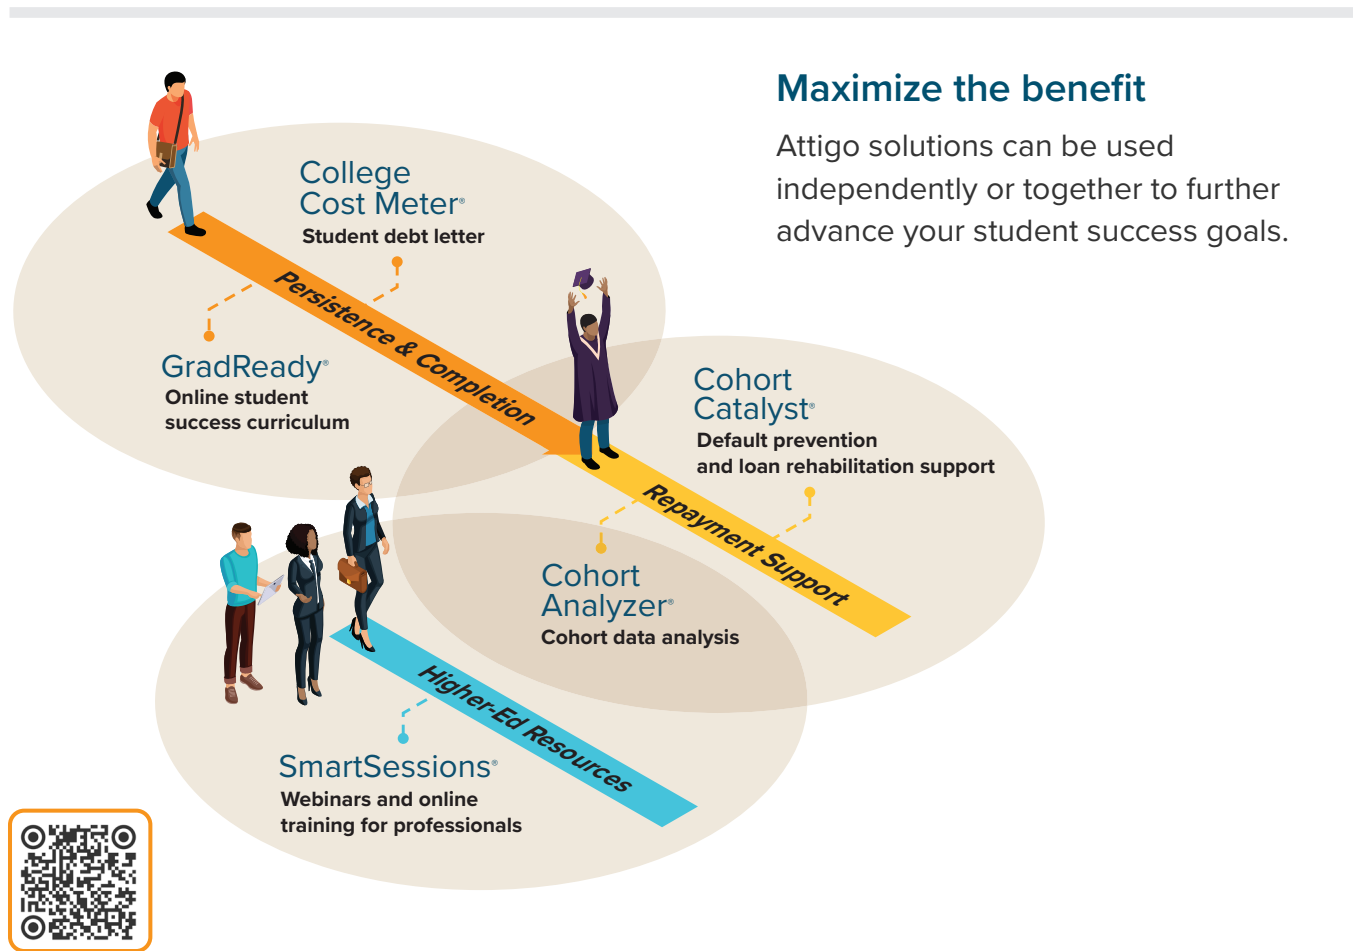

RepayCatalyst™ is a free-to-use web tool for invited students. Focused on repayment support, the site includes engaging videos about student loan repayment, budgeting, credit, and a personalized repayment planning tool. Chat functionality eases borrowers into a one-to-one conversation with our experts.

Pricing approach

We offer **performance based** or **flat annual fee** options.

Loan rehabilitation customers pay a one-time per borrower fee for outreach and support toward rehabilitation.
